

# ROSLYN MICHELLE CYRUS MCCONNELL

**Design leader with a passion for people, products, and progress**

I care deeply about leading teams of people who care about product vision and crafting stellar user experiences that are desirable, intuitive, optimal, and feasible. I love orchestrating the creation of beautiful products that solve interesting, challenging problems. I am forever fascinated by the intersection between design and engineering.

## Education

- JUN 2019** **STANFORD UNIVERSITY**, PALO ALTO, CA
  - **Master of Science in Computer Science** (HCI focus. 3.9 GPA)
- AUG 2007** **CORNELL UNIVERSITY**, ITHACA, NY
  - **Bachelor of Arts in English & Africana Studies**

## Experience

- 5|24 - NOW** **DIRECTOR OF USER EXPERIENCE: SOLARWINDS**, AUSTIN, TX (remote)
  - Lead the design direction of the entire suite of products while managing 10+ reports
- 11|19 - 5|24** **DESIGN MANAGER (PREV. SR. DESIGNER): DATADOG**, NYC, NY (remote)  
**4.5 YEARS**
  - Directly managed 6 designers across 10 products: Logs Suite, Tracing, Profiling, and the Data Suite (e.g. DBM)
  - Designed features for Log Management products, including Logs Transactions which enables users to delineate logs within a range
  - Maintained Network Performance Monitoring (NPM) and designed Network Device Monitoring (NDM) from 0 to 1
- 11|17 - 11|19** **SENIOR UX DESIGNER & PROTOTYPER: NETGEAR**, SAN JOSE, CA  
**2 YEARS**
  - Led Insight's redesign to increase user engagement and improve the visual design and interaction patterns, which helped increase App Store ratings from 3.5 to 4 stars in just a few months
  - Created a style guide to build a consistent brand across products
  - Prototyped features and components in React to create a robust interactive pattern library
- 6|19 - 8|19** **LECTURER: STANFORD UNIVERSITY**, PALO ALTO, CA  
**SUMMER QUARTER**
  - Taught CS110, Principles of Computer Systems (a Linux systems development course), to 50 students
  - Created exams and lecture content, including custom diagrams
  - Designed and managed course website
- 9|13 - 11|17** **INTERACTION DESIGNER & PROTOTYPER: ILLUMIO**, SUNNYVALE, CA  
**>4 YEARS**
  - Designed the UI for the cloud security platform's web app
  - Designed and developed a core visualization feature to make network rule creation intuitive and simple
- 3|10 - 9|13** **PRODUCT DESIGNER: CITRIX SYSTEMS**, SANTA CLARA, CA  
**3.5 YEARS**
  - Designed iOS & Android apps, including Citrix Receiver for iPad
  - Designed and developed admin consoles and webpages
- 9|07 - 3|10** **FOUNDER & DESIGNER: ROSANII DESIGN CO.**, FT. LAUDERDALE, FL  
**2.5 YEARS**
  - Developed the frontends and back-ends of various web projects
  - Designed website templates and content management systems
  - Designed illustrations and corporate identity materials, including brochures, business cards, and logos for various clients

**954 - 780 - 6355**

## Personal Projects

### SCHOOLTRAIL.COM

- Designed and developed a student and classroom management website
- Built the website in React

### ROOTSANDCURLS.COM

- Designed and developed a haircare website in React
- Wrote a custom API and used several AWS products to manage the website

## Key Skills

### LEADERSHIP

- Driving product vision
- Career coaching
- Teaching college courses
- HOA President: Marley Manor
- **CODE2040**: Mentored minority CS students

### DESIGN

- Figma
- FigJam
- Photoshop
- Illustrator
- Interaction Design
- User Experience Design
- HCI
- Wireframing
- Visual Design
- Prototyping
- Design Thinking
- User Interface (UI) Design
- Information Architecture (IA)

### DEVELOPMENT

- HTML & CSS
- AWS, Apache, & NGINX
- React & JavaScript
- C, C++, & C#
- Swift/iOS development
- Java, Python, & Rust

**"Ideas are the root of creation."**

- Ernest Dimnet
